CNN is currently airing "Talk Back Live" and propagandizing heavily.

We know both Bob Starr and Jimmie McCranie personally. These are definitely NOT the "Ray Lampley type". Bob was on JJ's shortwave program Wednesday night and told him that an FBI contact had warned him that there was a threat to his life. We will get a copy of that tape.

CNN has already rescinded the Olympic connection, and has now begun their "Oh my Gawd... domestic terrorists... Tim McVeigh... OKC bombing ...Turner diaries... round 'em all up" song and dance.

This crap stinks and it's only the beginning.

Am in contact with Nancy Lord and will keep the list appraised of any new information.

Heads up, everyone.....
